

## NEW RAIL RATES WILL BE RUSHED

Experts Begin Working on Blanket Schedules on Percentage Basis.

## STOP TREASURY DRAIN Roads Have Cost Government About a Billion and a Half Dollars.

WASHINGTON, Aug. 2.—The new passenger fares will probably become effective August 29 and the advanced freight rates August 25, according to a program outlined tonight by Alfred P. Thom, general counsel for the Association of Railroad executives.

Simultaneously with the effectiveness of passenger fares, the increases in the charges for Pullman travel and the new rates on excess baggage and milk also will be put in force.

Railroad rate experts have begun the preparation of blanket rate schedules increasing the transportation costs on a percentage basis. These will be presented to the interstate commerce commission five days prior to the proposed effective dates.

By putting the increased rates into effect prior to September 1, the drain on the treasury under the guarantee provisions of the transportation act likely will be ended before expiration of the government's guarantee of earnings to the roads. Officials estimated today that by September 1, the guarantee provisions would have cost the government approximately \$650,000,000 for the six months since the passage of the present railroad law.

With the amount gained the carriers this year and the claims of the lines for compensation under their contracts with the railroad administration, the roads have cost the government approximately a billion and a half dollars since the president took over the properties December 28, 1917.

## ADVANCE IN FRISCO WAGES

Employees Not Embraced in Federal Award Will Get Increase.

ST. LOUIS, Aug. 2.—Employees of the Frisco lines not embraced in the wage award recently granted by the federal railway labor board will receive the same average increase as granted members of the various railroad brotherhoods. It was announced at the general office of the road here today. These employees it was explained, included such equal officials as divisional freight and passenger agents. The increase, it was said, will add about \$9,000,000 to the annual payroll of the road.

## Wheat and Flour Decline.

OKLAHOMA CITY, Aug. 2.—Wheat was sold in Oklahoma City markets today for \$2.00 a bushel, the closing price Saturday, mill operators reported. Flour opened at \$12.80 a barrel this morning, but had dropped to \$12.40 late today.

## Last Little Boy on Small Elephant Sticks on Tight

How would you like to be the last little boy on top of this elephant? Looks like the last little boy in a game of crack-the-whip, doesn't he? But he'll not slip off. Boys and girls who visit the winter quarters of the Sells-Floto circus, coming to Tulsa, Friday August 13th never slip off. The animal men see to that. Once in a while on the road the circus men give the children a ride on the smaller elephants, but, as a rule, the time is too short for this entertainment. The chap in the high hat in the picture is the fellow who first broke elephants to ride children on their backs. It looks simple, but it is a long time before the circus people feel that this delightful experience for the kiddies is entirely safe. This is one of the vehicle-drawing elephants to be seen in the two-mile Sells-Floto street parade.

## SPEAKS TO KIWANIS

A. A. Small, Candidate for Republican Nomination for U. S. Senator, Tells Value of Manhood.

Using as his subject the greater value of true manhood over great wealth and lack of manhood, A. A. Small, candidate for the republican nomination for United States senator, talked for fifteen minutes to Kiwanians at their weekly luncheon yesterday noon in the Y. W. C. A. gymnasium.

Mr. Small declared that the time is fast approaching when the power of

wealth will no longer figure so greatly in national, state or local affairs, that people generally, especially since the war, have come to regard the man of unquestionable morals and habits as the true American, rather than the multi-millionaire who may not possess better morals and who may use money more than brains to accomplish his ends.

N. G. Henchman, president, thanked Mr. Small on behalf of the club for his address, high he declared, was based on the fundamentals of Kiwanism.
